#### BE RELATIONAL

Student Leaders are expected to build relationships with others. This means investing relationally in children & students; inviting, welcoming, and helping all children and students to assimilate to North Park Church.

#### BE POSITIVE

Student Leaders are expected to be positive and hopeful students. They must practice optimism, encouragement, and be passionate about excellence and improvement.

#### BE INFLUENTIAL

Student Leaders are expected to influence others positively. Students are not leaders unless there are others following them toward God. It is expected that they are growing in Christ and leading others to do the same. Leaders raise up other leaders.

#### BE CHRISTLIKE

Student Leaders are expected to have a vibrant and growing relationship with Jesus Christ. The fruit of the Spirit should be seen in all they do. Jesus is our standard!
